

## LOCAL BRIEFS.

**SUGAR UP AGAIN.**—Sugar took another jump in the local market yesterday. This puts the local retail price at \$7.20 per sack, an advance of \$1.00 in the last few months.

**DEATH OF CHARLES EDISON.**—Charles Edison, a well-known Salt Lake City resident, died yesterday morning at his home in Wilson, aged 53 years. The funeral will be held on Monday from the residence at 1 o'clock.

**ACCUSED OF INSANITY.**—Mrs. Chas. Dubois, wife of a laborer residing at 127 West Third South street, was informed yesterday that the county clerk's office had received a medical examination on Monday.

**COULDN'T IDENTIFY THEM.**—One of the owners of the Mercantile building, which was held up a short time ago, visited Lynch and Marlette at the county jail yesterday to see if he could identify them as being connected with the Mercantile hold-up, but was unable to do so.

**FOREST FIRE RAGING.**—A forest fire of moderate size was raging yesterday afternoon and last night a few miles up the Emigration canyon, east of the city. From appearances it is believed that the fire will do any serious damage, for the reason that there is no heavy timber in that locality.

**VACANT DEPUTY SHERIFFSHIPS.**—Sheriff Howells has not determined who he will appoint to the vacant Deputy Sheriff positions. The sheriff stated yesterday that he did not expect there would be two or three more vacancies in his office, as he has been favored by the law.

**MOSIER TAKEN BACK.**—Waiving his right to apply for release on habeas corpus proceedings, Tom Mosier, the convict of the county jail, has been taken back to Joliet, Ill., by Officer Wright, who came for him with a requisition. The prisoner will now have to serve out his sentence in the Illinois jail and pay the penalty for violating his parole.

**LOW WATER SUPPLY HOLDS.**—According to a measurement made on Friday of the streams of water supplying this city's pipe system, the flow, while at the lowest stage ever known, is holding its own, compared with measurements made a week ago. The creek at the city is charging 4,000 gallons daily, Parley's creek 3,000, and Emigration tunnel 300,000 gallons.

**FIFTY CONVERTS.**—Today will be an important one in the history of the Methodist church in this city. The class of fifty converts are to be received in the membership by Pastor J. Taylor. Dr. Liff will be present and do the speaking both morning and evening. A splendid musical program has been arranged and Professor Radcliffe will officiate at the organ.

**FIRE IN CEMETERY.**—A blazing patch of grass at the city cemetery was the cause of an alarm yesterday afternoon. No 4 department responded to the call and the fire was extinguished before it had done any damage. An alarm came in yesterday morning from 575 West Fifth South street, but when the department arrived on the scene no fire could be found.

**SCHOOL BOARD MEETS.**—A meeting of the board of education in committee of the whole was held yesterday afternoon to consider the matter of making a few changes in the curriculum of the schools recommended by Superintendent Cooper, but the action taken was to refer the subject to the committee on curriculum and school work. A requisition for books and other school supplies was ordered purchased.

**MORE FREE SCHOLARSHIPS.**—Two more free normal scholarships for four years at the Utah normal were yesterday issued by State Superintendent of the department of public instruction, leaving still a number of vacancies in the allotments to the several counties. The beneficiaries who were elected by the board of examiners of the respective counties were Nellie Williams of Covaline and Florence Gray of Tooele City.

**RELEASED FROM QUARANTINE.**—Andrew C. Jensen was released from the smallpox hospital yesterday afternoon. The patient was taken down with the disease while he was working in the county recorder's office and the suspicion is that he contracted the contagion from a document received from the hospital. The day the office was given a thorough fumigation and, since the period has elapsed during which others might have become sick, it is believed that no further cases will develop from this source.

**A STATE LEGAL OPINION.**—In response to queries calling for it, an opinion was rendered yesterday by Attorney General Bishop, Salt Lake City, in which he held that the statute forbidding the herding of sheep within seven miles of any city or smaller place of habitation where the drainage tends to pollute any stream was unconstitutional. The opinion was rendered by the attorney general, who is of the opinion that the distance to be ascertained shall be according to the distance of the stream from the city or village to the place where the refuse or filth from the sheep enters the waters.

**WEEKLY HEALTH REPORT.**—According to the report of the health department, there have been no cases of smallpox reported last week, making eleven cases in seven families, now under quarantine. Two new cases of typhoid fever were reported, making six of the former and thirteen of the latter under surveillance. One case of whooping cough was reported. The births reported for the week numbered seven and the deaths eighteen, exclusive of two bodies brought from outside the city for interment.
